Foreign-Built Infrastructure Fails 900M Everyday Indian Realities

India's digital infrastructure is built by foreign companies — not for India.

Maps

Google Maps ignores Indian roads, two-wheelers, and rural low-bandwidth realities

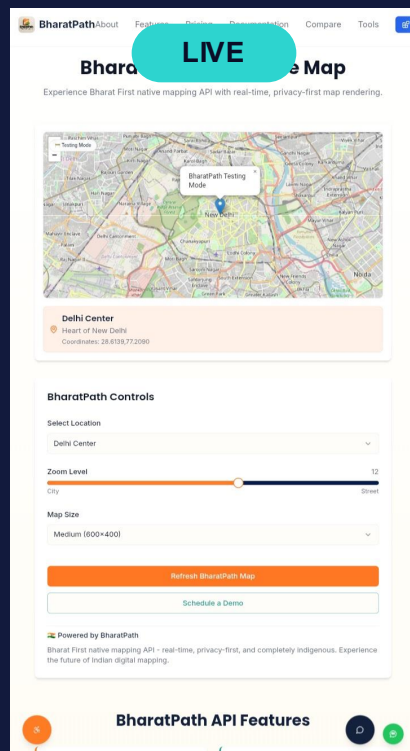

AI Cost

\$30K GPU chips lock out Indian developers from building real AI products

Legal Access

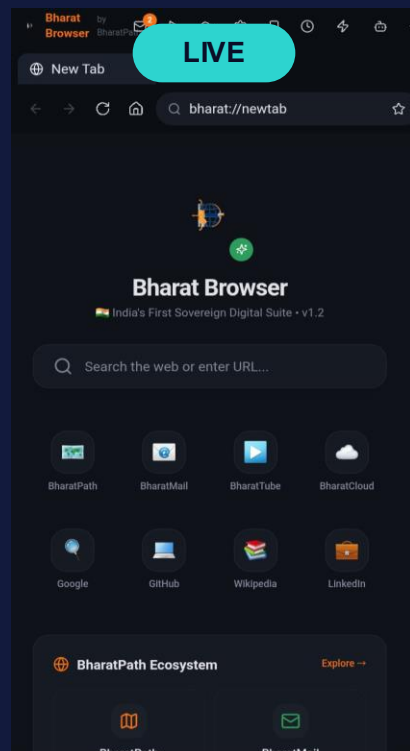

900M Indians can't afford a lawyer — legal help stays a privilege, not a right

Beyond the numbers

- ✓ Google & Brave Search organically indexing BharatPath
- ✓ MSME registered — WebTechInfinity Pvt. Ltd. (incorporation in process)
- ✓ Global accelerator applications submitted (YC, Conscious Venture Lab)
- ✓ CDM Capital requested pitch deck after outreach
- ✓ Selected for Seaside Startup Summit, Armenia 2026
- ✓ Active conversations with MeitY, IIT Kanpur incubation, Samsung R&D

Four Structural Moats Competitors Can't Easily Copy

Built for Real Bharat

Two-wheeler routing, narrow lanes, Hindi-first — not a global product localized later

Frugal AI Moat

BharatSmriti runs AI 10x cheaper — proprietary engine, not a wrapper on someone else's API

Data Sovereignty

All data stays in India — supports Atmanirbhar Bharat as government policy tightens

Speed of Execution

5 live products in under a year, solo-founder, zero funding — proof of relentless execution

Five Revenue Streams, Tiered Pricing From Day One

Revenue Streams

- Maps API — pay-as-you-go
- Enterprise SaaS
- White-label mapping solutions
