mytablescore

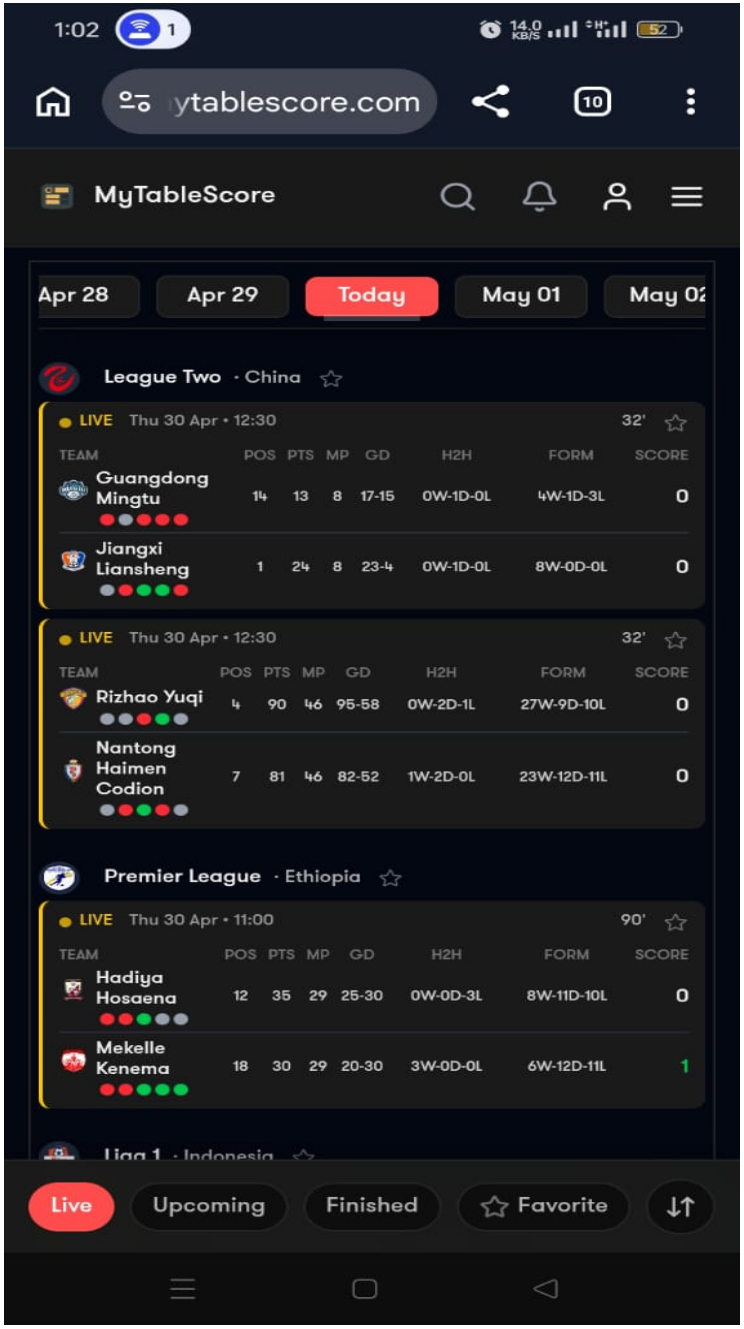

Livescores, League Table, Form, Win streak, H2H, News Forums at a Glance.

The world's first zero-friction sports platform.

The Friction in Football Data

- Navigational fatigue
- Intrusive ad pollution
- Uneconomical Navigation

The Zero Friction Interface

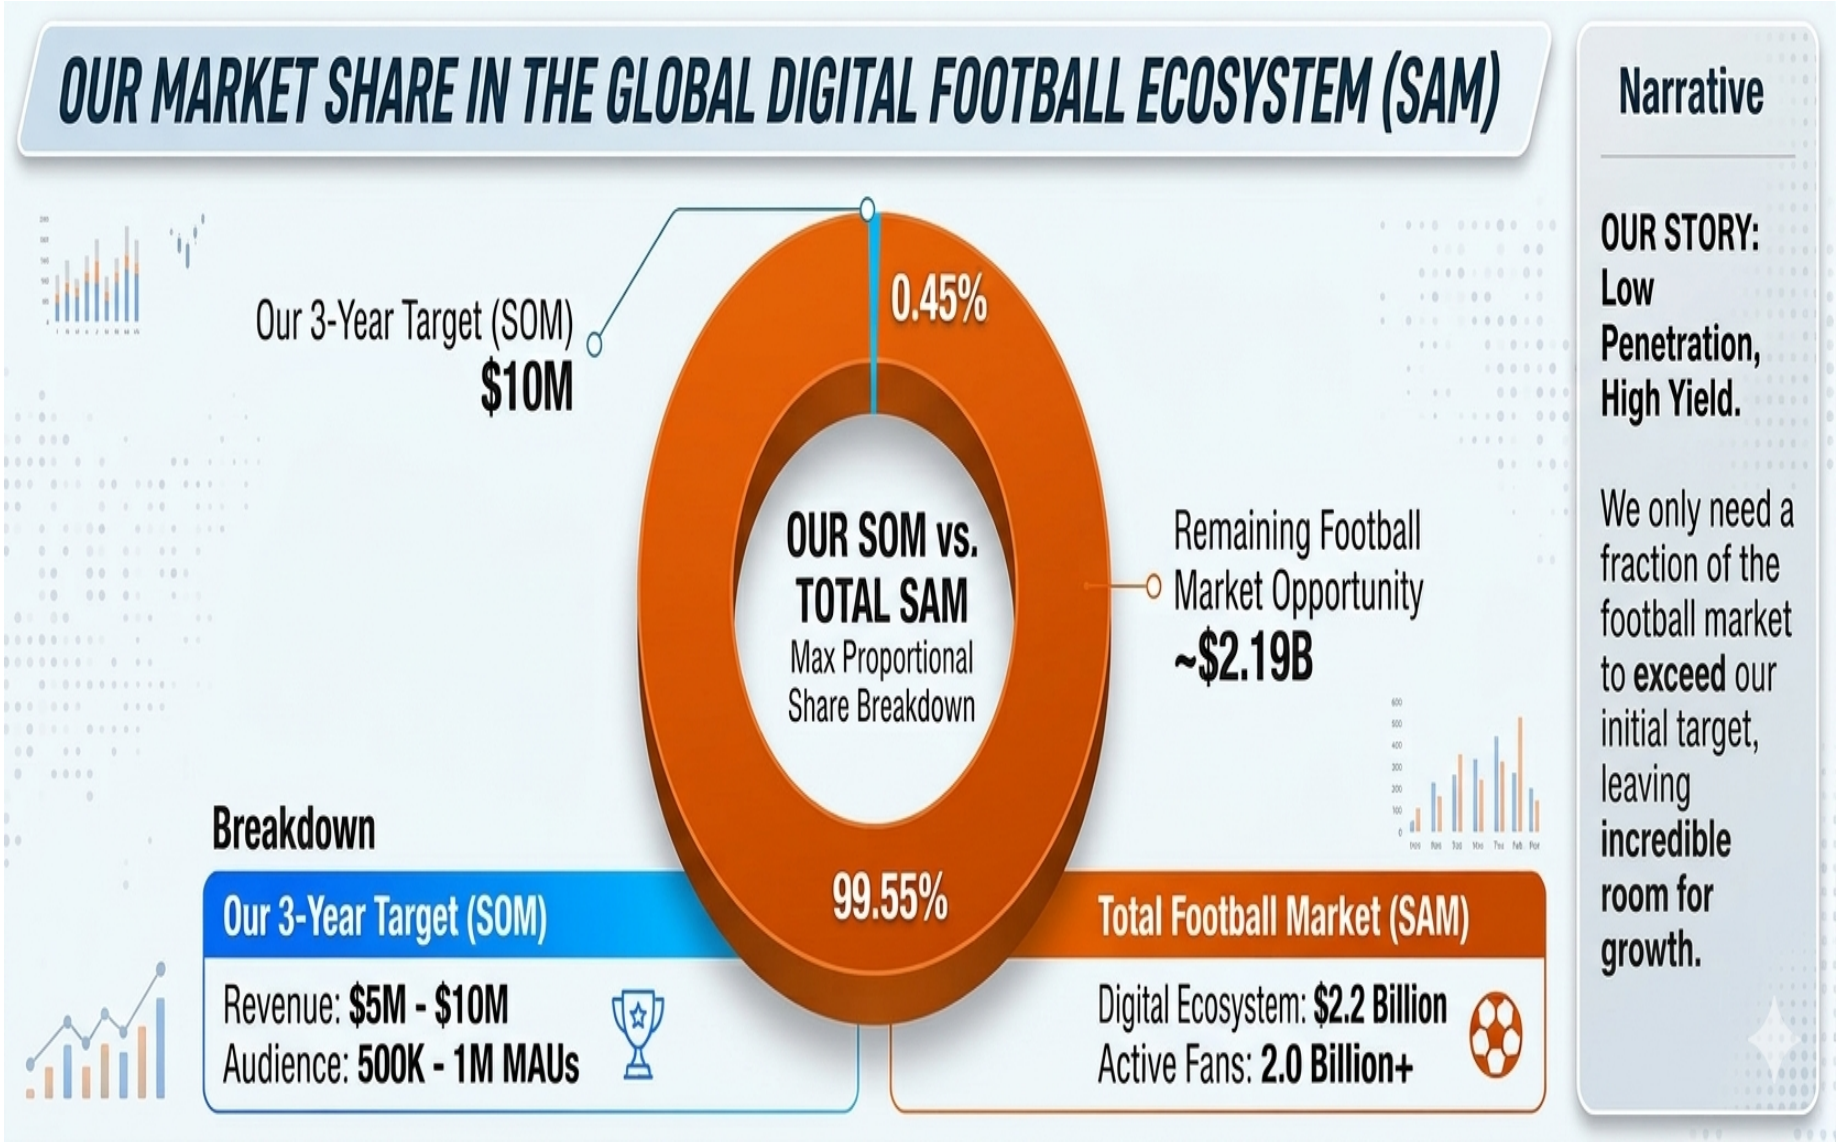

Instant Data Access

Football fans demand speed. We display every critical data point (***Livescores, League Table, Form, Win streak, H2H, News Forums at a Glance***) on the homepage the moment the page loads, eliminating the need for complex navigation or slow-loading sub-menus.

Why Invest in mytablescore?

•Capture first-mover advantage with the only zero-friction interface for real-time football data and analytics.
•Solve widespread user fatigue by replacing fragmented, ad-polluted data sources with a lean, efficient platform.
•Benefit from a scalable model built for rapid expansion across the high-growth global football market.

TOTAL ADDRESSABLE MARKET (TAM) - $6.3 Billion Global Sports App Market

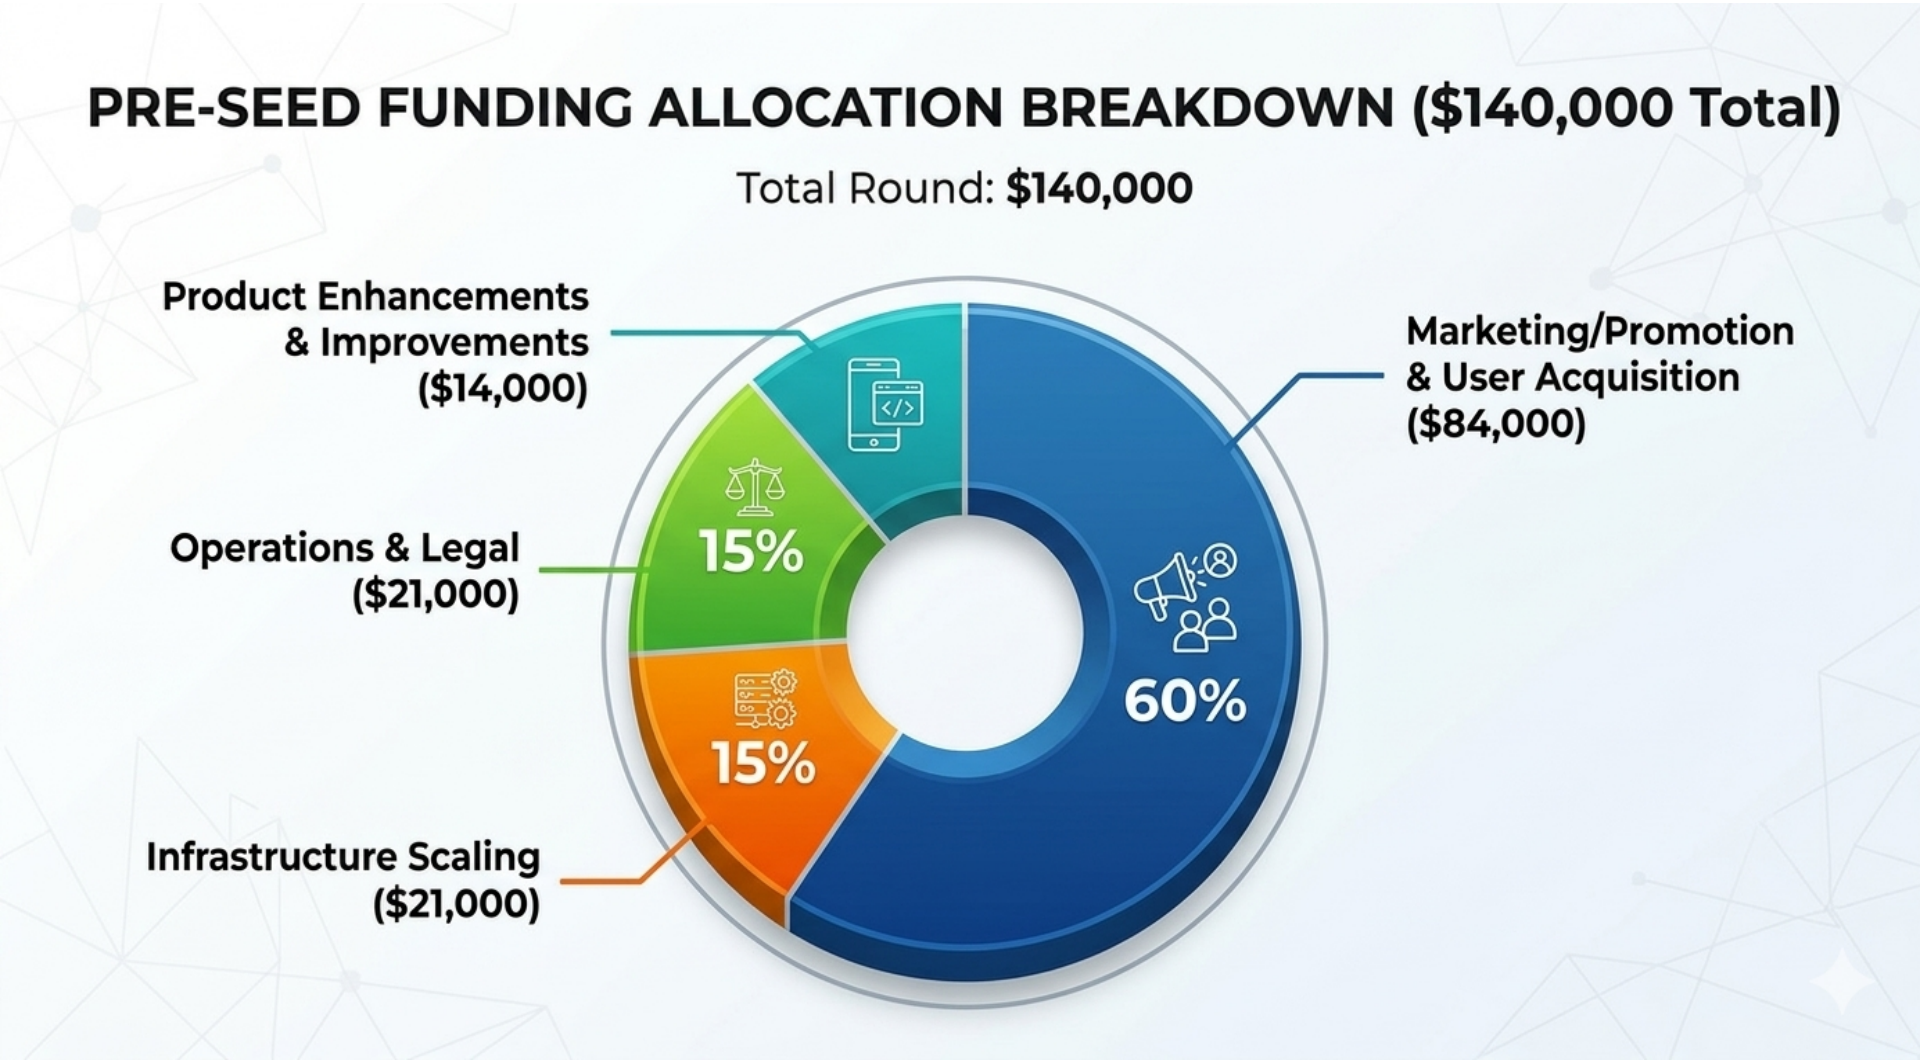

- **455+ Million** unique global sports fans actively utilizing live score
