ONKAR NAGARGOJE

SOC Analyst (L1) | Security Operations | Incident Response | Network Security

Nanded, MH | +91 9511841275 | onkarnagargoje25@gmail.com | nagargojeonkar.netlify.app | linkedin.com/in/onkarnagargoje-836797291

PROFESSIONAL SUMMARY

Cybersecurity undergraduate (B.Tech CSE + B.Voc Cyber Security & **Digital Forensics**) seeking a **SOC Analyst L1** role in a **Security Operations Center (SOC)**. Skilled in **Security Monitoring**, **Threat Detection**, **Alert Triage**, **Log Analysis**, **Incident Response** and **Escalation**, with a strong network security foundation (**TCP/IP**, **Firewall**, **VPN**, **ACLs**, **IDS/IPS** concepts) and hands-on **Wireshark packet analysis**. Built AI-driven **threat detection** and alerting projects; understands the **CIA Triad**, **RBAC** and **Digital Forensics**. Comfortable with **Ticketing**, **Incident Documentation** and shift-based teamwork.

PROFESSIONAL EXPERIENCE

Cyber Security Intern · Humming Byte Technologies Pvt Ltd *Jan 2026 – Jun 2026 · Remote*

- Monitored and triaged security alerts, identifying suspicious activity and escalating incidents per defined procedures.
- Performed log and **network traffic analysis** (**Wireshark**) to investigate anomalies and support **root cause analysis**.
- Documented incidents and findings in clear reports to support **escalation** and handover.

Web Developer Intern · Synapsium Technology Pvt Ltd *Mar 2026 – Present · Remote*

- Developed responsive web features using React, JavaScript and REST APIs; applied secure coding and access-control practices in Git-based workflows.

Front-End Developer Intern · Axino Tech Pvt Ltd *Jul 2024 – Aug 2024 · Remote*

- Built and debugged front-end interfaces, improving usability and troubleshooting UI issues.

PROJECTS

Rakshyan AI — Agentic Child Safety & Threat Monitoring Platform | *Python · LangGraph · FastAPI · Flutter · Computer Vision · Firebase*

- Engineered an agentic AI system for real-time threat and behavioral **anomaly detection** that monitors mobile activity and sends instant guardian alerts.
- Integrated computer vision-based facial expression and mood analysis to detect distress and trigger automated real-time alerts.
- Designed a multi-agent architecture (LangGraph, FastAPI) with transformer-based NLP models (BERT, DistilBERT, mBERT, IndicBERT) for multilingual threat analysis across regional Indian languages; released as an open-source platform.

BugSentry — AI Incident Tracking & Issue Management Platform | *React · Firebase · Gemini AI · Firestore*

- Architected an incident workflow for logging, severity classification and resolution (Open → In Progress → Resolved); Gemini AI auto-triage reduced manual effort by ~40%.
- Implemented **access control** with Firebase Auth (email/OAuth) and Firestore **RBAC** (Admin/Developer/Reporter) with a live status dashboard.

Shakti AI — Women Safety & Emergency Alert Platform (Live on Google Play) | *Flutter · Dart · Firebase · Maps API · Speech-to-Text · Text-to-Speech*

- Published an AI-powered safety app with SOS emergency alerting, live location sharing and trusted-contact notifications for rapid **incident response**.
- Built evidence recording mode, AI safety assistant and help-point features using Firebase and REST APIs.
- Integrated a voice AI assistant (speech-to-text, text-to-speech), safe-route navigation, fake-call and nearby help-point features with an API-based AI backend and trusted-guardian alerts.

TECHNICAL SKILLS

SOC & Incident Response	**Security Monitoring** · **Threat Detection** · **Alert Triage** · **Log Analysis** · **Incident Response** · **Escalation** · **Ticketing** · **Incident Documentation** · **Root Cause Analysis** · **Digital Forensics** · **Evidence Handling** · **CIA Triad**
Network Security	**TCP/IP** · OSI Model · DNS · DHCP · **Firewall** · **VPN** · **ACLs** · **IDS/IPS** · VLAN · Subnetting · OSPF · RIP · Routing & Switching
Tools & Systems	**Wireshark** · Cisco Packet Tracer · GNS3 · **Linux** CLI · Windows · **Active Directory** (Basics) · Office 365 Admin · **Access Control** (**RBAC**)
Programming & Web	Python · JavaScript · Java · React · Flutter/Dart · MySQL · Firebase · REST APIs · Git

EDUCATION

Degree	Institute / University	Year	Score
B.Tech — Computer Science & Engineering	GTMC Nanded, DBATU Lonere	2023 – 2027	**7.28 CGPA**
B.Voc — Cyber Security & Digital Forensics (Dual Degree)	GTMC Nanded, DBATU Lonere	2024 – 2027	**7.35 CGPA**

CERTIFICATIONS & ACHIEVEMENTS

Certifications	CCNA (Networking) Training · SOC Analyst Training · Ethical Hacking Training · IT Support Training
Awards	Gold Medal — National Level Hackathon · 1st Place — AGTechathon 2.0 · Gold Medallist — Sport Association Project Competition · DIPEX 2025 · Avishkar Research Convention

DECLARATION

I hereby declare that all the information furnished above is true, complete, and correct to the best of my knowledge and belief.
